Table 15

Q.3 Here are some things people have said about the NHS and public services. To what extent do you agree or disagree with each of them?

Summary

Base: All respondents

		Statements			
		The NHS needs reform more than it needs extra money	Politicians are right to rule out alternatives to the taxpayer-funded NHS	If the government reformed public services and cut waste, it could make services better and reduce tax at the same time	It shouldn't matter whether hospitals or surgeries are run by the government, not-for-profit organisations or the private sector provided that everyone has access to care
